

Questions for the Public Authority Supervisor Supplemental Questionnaire

1. Share your understanding of the mandate and operations of the Butte County In-Home Supportive Services Public Authority, as well your knowledge of the In-Home Supportive Services Program.
2. Describe how your education and experience qualifies you for this position.
3. Describe your experience in the supervision of paid staff persons. Include the number of staff persons you supervised, what types of jobs they performed and how long you performed in the role of supervisor.
4. Please describe your experiences in a work setting when you had to become knowledgeable about, and comply with, regulations, laws, policies or procedures. What was most challenging about that aspect of your experience in relation to the attainment of the knowledge and compliance with rules governing your work?
5. The role of the Public Authority Supervisor requires an ability to work within a system, yet somewhat independently. This role also requires the ability to practice good judgment and appropriately consult with your supervisor. Please share an example, from your work history, that illustrates your judgment and use of supervision.
